FAQ's

1. What is the objective of the program Sameti?

The objective of Sameti is to enhance pre-academic skill areas like cognition, communication, functional academics, and general awareness.

The program is tailor-made to address each student's unique combination of needs. The optimal teacher student ratio ensures individualized learning, one to one support, and a nurturing learning environment.

2. Who prepares the curriculum?

The curriculum is developed by special educators with a background in Psychology. Valuable inputs and feedback from parents have been taken into consideration as well.

3. Do you provide transportation?

Transportation will not be provided.

4. How do I get a student enrolled for the program?

The admission process is as below:

- Seek an appointment with our director and meet along with the student
- Schedule the assessment sessions
- Fill in the admission form
- Provide the necessary documents and reports
- Pay fees and enroll the student for the program

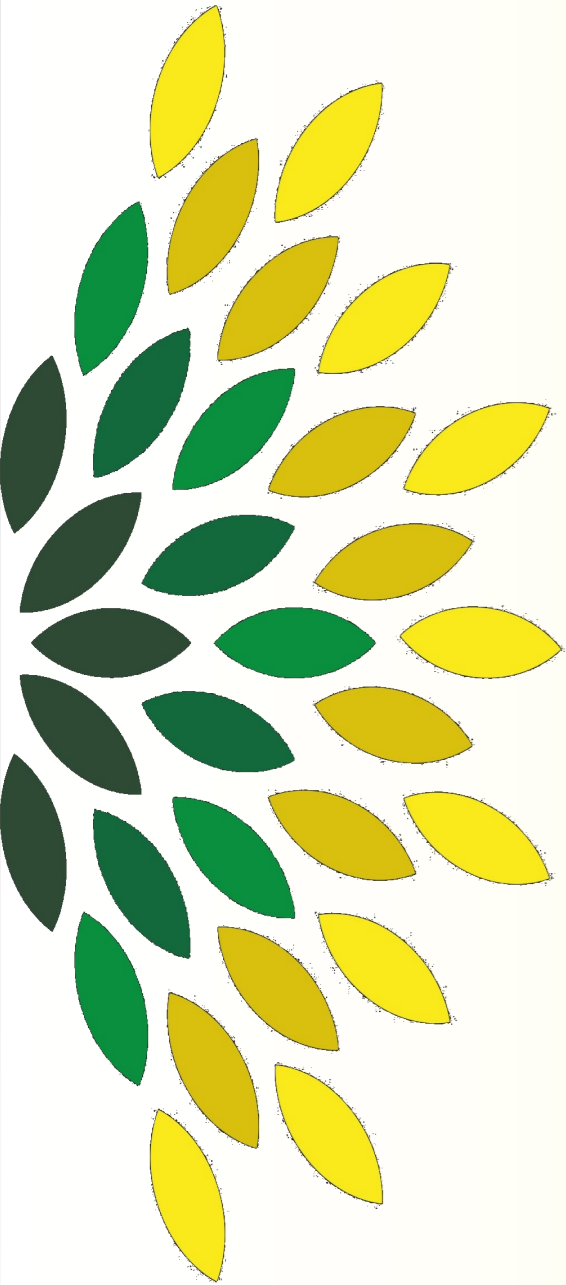

Testimonials

"They use good visual tools and are adept at teaching through iPad based on his Individualized Educational Plan."

-Mother of 10 year old

"They are very open to feedback, and conduct regular follow up sessions with the parents. They have created a structured IEP for my daughter which makes it very easy to track the goals. All in all, Ishanya has been a great Support for my daughter."

-Mother of 12 year girl

FAQ's

5. Are the educators training the student qualified?

Yes. All the educators come from various background and advanced degrees in the areas of special education and psychology.

6. Why does a student need to enrol for Sameti?

The program emphasizes individual learning in various skill areas like - cognition, communication, functional academics, general awareness - as well as leisure skills and physical fitness with fellow peers in a group setting. This helps to enhance not only learning in a group, but also builds an understanding of the process of socialisation.

7. What is the eligibility for Sameti?

The student has to be between 7 to 11 years of age (Decision will be made after the initial assessment)

8. Is there an assessment at the end of the year and any certification?

An informal assessment will be done by the educators and a certificate of completion of the program will be provided at the end of the program. Half yearly reports will be shared with the parents stating the progress of the student and the same shall be discussed during half yearly PTM's.
